Education

Bachelor of Science in Software Engineering

University of Jeddah, 2026

GPA: 4.76 / 5.00

Experience

Summer Intern – Sallam Tech

Internship | 06/2025 – 08/2025

- Participated in designing and developing the company’s website, contributing to front-end and back-end features.
- Collaborated with the team to improve user experience, ensure responsive design, and deliver a functional product.

Awards & Achievements

2nd Place – Absher Hackathon | 2025

Participated in a national-level hackathon focused on enhancing digital government services. Earned second place for developing an innovative, impactful solution.

Projects

Si'aa – Peer-to-Peer Storage Booking Platform (Next.js, TypeScript, Node.js, Express, Azure SQL)

3/2025–6/2026

- Developed a full-stack peer-to-peer storage booking platform enabling users to discover, book, and manage nearby storage spaces with secure authentication and integrated logistics.
- Implemented interactive features including 3D space visualization, map-based search, and user dashboards using Three.js and Leaflet, following Agile Scrum practices.

Hazem – IoT-Based Safety Monitoring System (Flutter, Dart, IoT)

9/2024–11/2024

- Engineered an AI-powered IoT system with real-time camera detection to monitor public safety violations during events.
- Automated violation reporting through a responsive Flutter web interface and integrated alert system.

SkillsTarde – Community Skill Exchange Website

4/2025–5/2025

- Developed a full-stack web platform using HTML, CSS, JavaScript, PHP, and SQL to enable users to trade skills by teaching and learning without financial exchange.
- Built user authentication, skill listings, and messaging features to support a self-sustaining learning community.

Certifications

- Microsoft Certified: Azure AI Fundamentals– Microsoft
- Power BI Data Analyst Prep – Coursera
- Microsoft Applied Skills: Get started with cloud security and monitoring tasks– Microsoft

Technical Skills

- **Programming Languages:** Python, Java, C, SQL, HTML, CSS, JavaScript
- **Developer Tools:** Git, Asana, Power BI, Linux

Soft Skills

- Leadership & Communication
- Problem-Solving & Critical Thinking
- Time Management & Team Collaboration

Languages: Arabic — Native | English — Fluent
